

## LIFE WADDEN SEA BIRDS, LIFE19 NAT/DK/000922

### Familiarization visit from the Netherlands

As part of a familiarization trip to the neighboring sections of the Wadden Sea a Dutch party from Ministerie van landbouw, natuur en Voedselkwaliteit (Ministry of Agriculture, nature and food quality) payed Wadden Sea institutions and authorities in Schleswig Holstein, Lower Saxony and Denmark a visit during 22-24<sup>th</sup> of April 2024.

“We share the Wadden Sea between our three countries and we feel that we can learn from each other. We would love to visit you in order to get to know you better and learn about the way you approach issues that affect the quality of nature in the Wadden Sea, things like cumulative pressure, wind energy, fisheries, tourism etc.” Sjon de Haan; coordinator Wadden Sea World Heritage

“We managed to discuss a lot of things and strengthened the bonds in the big Wadden Sea ‘family’”, Peter Saabye Simonsen, Nationalpark Manager

The LIFE Wadden Sea Bird project had the opportunity to disseminate and discuss the LIFE project with the Dutch colleagues during their visit to the Danish part of the Wadden Sea. The program was kindly coordinated through the Wadden Sea National Park in DK.

Thanks to  
Karst Jaarsma, trilateral coordination;  
Bram Streefland, coordinator Team  
Wadden Sea Netherland;  
Marieke de Winter, team member  
policy framework Wadden Sea;
